## DETAILED ACTION

### *Action Summary*

Acknowledgement is made of the receipt of applicant's reply and remarks, filed on September 9, 2002.

Claims 1-9 are active in this Action.

### *Response to Arguments*

Applicant's arguments filed September 9, 2002, have been fully considered but they are not persuasive. The rejection is maintained because the cited prior art reference clearly discloses treating the same condition (depression) with an ingredient that is recognized within the art for the same purpose. To distinguish from the cited prior art reference, examiner suggests amending the claims to represent the gel cap form, the calcium and sodium salts and specific salt derivatives.

### *Conclusion*

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
